- Senior Professional in Human Resources (SPHR)

### CANDIDATE STATEMENT

I am running for Club Growth Director because I believe this moment in our district's history is an opportunity to build something extraordinary. With the merger of our two districts, we are not simply combining structures — we are uniting communities, strengths, and possibilities. I want to help ensure that this transition becomes a catalyst for growth, connection, and renewed purpose across our newly formed district.

Throughout my service as a Toastmasters leader, I have witnessed the profound impact Toastmasters has on individuals and communities. As Club Growth Director, my focus will be to honor the legacy of both districts while guiding us toward a future defined by collaboration, quality, and sustainable expansion. I will work to strengthen existing clubs, support struggling ones with empathy and strategy, and build new clubs that reflect the diverse voices and needs of our members.

This merger gives us a rare opportunity to reimagine what growth can look like — not just in numbers, but in unity, resilience, and shared vision. I am committed to helping our district rise to that challenge and ensuring every member feels they belong in the future we are creating together.
