### PROFESSIONAL BACKGROUND

Sales leader with 25+ years of experience in electrical distribution, specializing in new business development, direct sales, and account management. Proven track record of exceeding targets and securing major contracts. Known for building lasting client relationships, delivering high-quality solutions, and driving sustained growth through market insight and strategic execution.

### EDUCATION & CERTIFICATIONS

- Bachelor's, Business Administration

### CANDIDATE STATEMENT

I am honored to be considered for the role of Division Director. Mentorship and strong leadership have profoundly shaped my Toastmaster journey, inspiring me to step up and serve. My mentors have helped shape my confidence, skills, and success, and I am committed to paying that forward.

As Division Director, I will focus on strengthening clubs through member engagement, retention, and developing leaders at every level. I am committed to encouraging and empowering members by listening to their ideas, focusing on Pathways, and providing tools to grow. This is the foundation we need to establish for a thriving district.

Mentorship will be at the forefront of my leadership approach. I plan to work closely with Area Directors and Club Officers to provide guidance, support, and accountability for club members, thereby allowing clubs to be able to achieve their Distinguished Club Program (DCP) goals. Through collaboration and recognition, we will develop stronger leaders and create opportunities for all members to succeed.
