April 2026 Report

## 2026 Alignment Proposal For District 221

**Draft Version 3**

### 2026/27 Alignment Committee Members:

Mervin Bierman, DTM, PDD, District 18, Co-Chair

Eileen Grodziak, DTM, District 38, Co-Chair

Lauren Hansen, 18/A  
Amy Culbertson, DTM, 38/A  
Vidhya Krishnamoorthy, 38/B  
Shea Lynch, 18/C  
Grisel Velazquez, 38/C  
Dallas Ebanex, 18/D  
Gregory Ludwig, 38/D  
Jayaprakash Radmakisahnan, 18/E  
Ari Valero, 38/E  
Lori Magnon, 18/F  
Marie Maranki, 38/F  
Dr. Dana Thurston, 18/G

# District 221 Alignment Proposal Report (July 1, 2026 – June 30, 2027)

## Introduction

District 221 was formed through the strategic merger of District 18 and District 38 to create a stronger, more sustainable, and more equitable Toastmasters community. This alignment represents a foundational redesign, not simply an annual adjustment, focused on long-term success, leadership capacity, and member experience.

Unlike prior alignment reports that focused on regulatory compliance, this report highlights the intentional design decisions used to unify two districts into a cohesive and high-performing structure.

## Purpose of the Alignment

The District 221 alignment was developed to:

- Create a balanced and sustainable leadership structure
- Ensure equitable travel expectations for Area and Division Directors
- Maintain strong club support coverage
- Build a unified district identity across previously separate regions
- Position the district for future growth and Distinguished performance

This merger presented a unique opportunity to design alignment from the ground up, rather than adjusting an existing structure.

## Design Methodology

The alignment process used a data-informed and geographically grounded approach, prioritizing fairness and operational effectiveness.

Key considerations included:

- Geographic clustering of clubs using latitude and longitude
- Minimizing travel distance for Area and Division Directors
- Preserving regional cohesion (state lines, metro areas, community identity)
- Balancing Area sizes to ensure manageable workloads
- Reducing fragmentation from previous district boundaries
- Supporting both in-person and hybrid/online clubs

As noted in the District 221 briefing, this approach ensured a transparent and defensible structure grounded in measurable criteria.

## District Structure Overview

District 221 is structured as follows:

- Total Clubs in accordance with Toastmasters International as of 12/31/2025; 230 clubs' total.
- Total Divisions: 9 (A, B, C, D, E, F, G, H, J) excludes "I" as a confusing letter with the number one or the lowercase letter 'L'.
- Total Areas: 51
- Area Distribution:
  - Revision 3
    - A – 25 Clubs
    - B – 23 Clubs
    - C – 26 Clubs
    - D – 25 Clubs
    - E – 26 Clubs
    - F - 25 Clubs
    - G - 27 Clubs
    - H - 25 Clubs
    - J - 26 Clubs

This balanced distribution ensures:

- Manageable spans of control for Area Directors
- Consistent support across clubs
- Flexibility for growth without immediate restructuring

## Geographic & Travel Equity

### Clubs

A major priority of the alignment was fairness in travel expectations, a challenge amplified by merging two districts.

Measured outcomes:

- Average Area-to-club distance: ~ 15.3 miles
- Maximum Area distance: ~ 67.4 miles
- Maximum Division span: ~ 123.6 miles

These distances were calculated using a consistent straight-line (Haversine) method to ensure equity across all regions.

This approach ensures that:

- No single leader is disproportionately burdened
- Club visits remain realistic and achievable
- Leadership roles are more accessible and attractive

## Key Alignment Principles

The District 221 alignment was guided by the following principles:

1. **Equity Over Legacy Boundaries**  
Previous district lines were not preserved if they created imbalance. The focus was on fairness, not history.
2. **Geographic Cohesion**  
Clubs were grouped based on natural geographic proximity and shared regional identity. Trio's and Division Directors were invited to give feedback.
3. **Leadership Sustainability**  
Area and Division structures were designed to support manageable workloads and effective service delivery.
4. **Data-Driven Decisions**  
All alignment decisions were supported by geographic and structural data rather than anecdotal preferences.
5. **Future Growth Readiness**  
The structure allows for new clubs without immediate disruption to Areas or Divisions.

## **Impact of the New Alignment**

The redesigned structure provides:

- Stronger club support through balanced Areas
- Improved leadership effectiveness with reduced travel strain
- Clearer regional identity for members
- A unified culture across the newly formed district
- A scalable model for future alignment cycles

As highlighted previously, the result is defensible, transparent framework that can be reviewed, refined, and sustained over time.

## **Process & Governance:**

This proposal is intended as an interim step to ensure compliance with Toastmasters International guidelines. Final alignment decisions remain the responsibility of the incoming District 221 Trio and Division Directors.

## **Alignment Development Process**

The District 221 Alignment Proposal was developed through a collaborative, iterative process led by the Alignment Committee Co-Chairs.

- The Co-Chairs met repeatedly to design and refine the alignment structure.
- Draft versions of the proposal were shared with all Division Directors from both District 18 and District 38 for feedback and recommendations.
- Input was reviewed and incorporated across multiple revision cycles, resulting in several progressively refined drafts.
- A formal proposal was prepared and presented for the District 221 Forum to gather broader input.

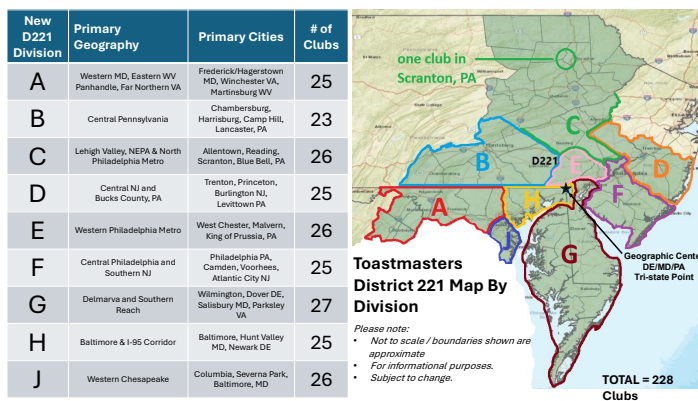

- A subsequent version was developed and presented for the District Business Meeting for consideration.

## District 221 Geographic Centers & Distance Analysis

This table represents the geographic centroid of District 221 and each Division, along with the calculated distance from each Division center to the District center. This analysis demonstrates the geographic balance of the district and supports equitable leadership planning, travel expectations, and regional coordination.

Division	Latitude	Longitude	Miles to District Center
District Center	39.7731	-75.9018	0
A	39.3652	-77.1335	71.4
B	40.141	-76.7876	53.4
C	40.3496	-75.3756	48.6
D	40.1934	-74.7861	65.8
E	40.0600	-75.4189	32.4
F	39.8465	-75.1060	42.5
G	39.4590	-75.6022	26.9
H	39.4391	-76.3691	33.9
J	38.1526	-76.6952	60.2

The District 221 geographic center is in the Oxford, PA area, demonstrating a balanced distribution across the district. Most divisions fall within approximately 25 – 55 miles of the center, with higher distances reflecting natural geographic spread (e.g., western and coastal regions), not structural imbalance.

## Final Phase & Approval

The final phase of the alignment process includes:

- Review and refinement by the incoming District 221 Trio and Division Directors.
- Final adjustments based on leadership priorities and operational considerations.
- Adjustments to reflect new club activity and status changes from January-June 2026.
- Submission of the finalized Alignment Report to Toastmasters International by July 15.

This phased approach ensures that the alignment is both data-informed and leadership-approved, supporting long-term district success.

- Co-Chairs Planning
- Draft Development
- Division Director Feedback (D18 & D38)
- Multiple Revisions
- D221 Forum Proposal
- Business Meeting Proposal
- Incoming Trio & Division Director Review
- Final Submission to Toastmasters International (July 15)

## Conclusion

The District 221 alignment represents a transformational redesign, not just an operational requirement. By prioritizing equity, geography, and sustainability, the district is positioned for a strong inaugural year and long-term success.

This alignment reflects a commitment to:

- Serving clubs effectively
- Supporting leaders intentionally
- Building a unified and thriving Toastmasters community

## Division A | Areas 10, 11, 12, 13, 14

To share the distance with the far western clubs, we grouped Winchester – Frederick; Frederick to Maugansville.
