Select Distinguished	51
President's Distinguished	57
Smedley Distinguished	62

Focused Club Support

As of April 4, 2026, Toastmasters International has not finalized business from March 31, 2026, so it is unknown how many clubs are currently Distinguished.

To achieve Distinguished or better status as a District, we must continue to achieve educational awards and increase membership.

Clubs at charter strength (20 or more active members) are most beneficial to its members

Our Clubs benefit from marketing trainings that focus on membership building and promoting the educational benefits of Toastmasters

101 clubs submitted their Club Success Plans
100% of our Division Directors and Area Directors were trained.

Community Outreach

District 18 provides Youth Leadership and Speechcraft materials to all District members who wish to educate their communities. This outreach emphasizes Toastmasters' status as a nonprofit educational organization.

The District has also sponsored leadership development training to Toastmasters who were not serving in club officer positions. This outreach emphasizes Toastmasters' status as a leadership development organization.

The District has also participated in community networking events such as job fair and Chambers of Commerce events.
